ONE STEP

QFD

QUAT FREE

One Step Combined Cleaner & Disinfectant

QFD is an innovative & highly effective ready-to-use multi surface spray and wipe bactericidal one-step cleaner / degreaser, containing **no quaternary ammonium compounds (QACs/Quats)**, achieving **high levels of disinfection**.

No need to pre-clean - cleans and disinfects in one easy step, even in dirty conditions and leaves no residue.

QFD can be used as a cleaner and disinfectant prior to rinsing, or can be used as a high level disinfectant without the need for rinsing.

Available in liquid and wipes.

Why do you need to move away from Quats

Quats stick to surfaces, substrates and food leaving a residue that is potentially harmful to health and the environment. QFD contains no Quats and utilises the latest technology available in the market place. QFD leaves no residue and is a high-performance cleaning and disinfection solution.

NO QACs

= NO RESIDUE

= NO RINSING

Helping you to protect your customers, consumers and your businesses reputation.

The 'first-choice' cleaning and disinfection product for maintaining high standards of cleanliness in healthcare and food hygiene.
