## DISINFECTANT MATS

### FARM & INDUSTRY BIOSECURITY MATS

#### What are

#### AntiBak Disinfectant Mats?

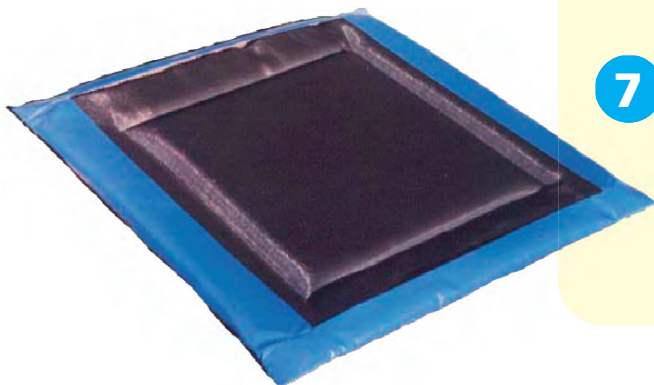

AntiBak Disinfectant Mats are the practical and portable solution to the disinfection of personnel's footwear and vehicles.

Constructed from thick, tough absorbent foam with a removable waterproof sleeve, AntiBak Disinfectant Mats are available in 3 sizes, suitable for any application.

Ideal for use with Bio Technics' DEFRA approved High Level Disinfectant, AntiBak Powder.

#### SIZES

Small	- 60 x 90 x 4cm
Large	- 90 x 180 x 4cm
Vehicle	- 47 x 230 x 4cm

## 7 reasons to choose AntiBak DISINFECTANT MATS

- 1 Fast, portable disinfection**  
For footwear, animals, cars, vans & lorries
- 2 Thick tough foam inner**  
Withstands heavy lorries and provides good tyre cover
- 3 Removable water-proof sleeve**  
Retains disinfectant and allows thorough cleaning
- 4 Versatile**  
3 sizes, many configurations
- 5 Non-splashing**  
Efficient use of solution - uses 75% less disinfectant than conventional baths
- 6 High absorbency**  
Holds up to 60 litres of disinfectant
- 7 Proven effectiveness**  
Used by DEFRA, the National Trust and by major dairy farmers during 2001 & 2007 Foot-and-Mouth outbreaks
