

# Bio HFC

## Deep Clean, High Foam Triple-Action Kitchen Cleaner

**A Deep-Clean, high foaming, triple action sanitizer, degreaser and disinfectant.**

**Keeping bacterial infection under control and minimising cross infection in kitchen, food preparation and storage areas requires regular surface deep cleaning.**

### KEY PROPERTIES

Bio HFC is a High foaming sanitiser concentrate that has triple action i.e. it degreases, sanitises and disinfects.

Its unique long lasting foaming action enables Deep Clean operators to ensure complete surface coverage.

When rinsed, Bio HFC produces a light 'indicator foam' to further ensure complete coverage before rinsing dry.

### APPROVALS

- Bio HFC is non tainting and meets BS6471.

### APPLICATION

Dilute a 2% solution to produce a thick white foam. Use a low pressure spray to apply to surfaces and leave for up to 15–20 minutes then rinse with clean water. Bio HFC can also be applied using air entraining and high pressure water lance systems.

### TECHNICAL DATA

Appearance	Clear Liquid		
pH (at 2% solution)	Approx. 11	SG	1.08

### PACKAGING

1L Trigger Spray, 5L & 20L Containers

### SAFE HANDLING AND STORAGE

Store in original containers and avoid extremes of temperature. For guidance on handling and disposal see Material Safety Data Sheet.
