

# Bio Treat

## Biological Portable Toilet Additive

**A high performance, revolutionary green product designed to replace traditional Chemical Toilet products, Bio Treat degrades urine and waste rapidly and can be disposed off to sewers or septic tanks.**

### KEY PROPERTIES

Unlike traditional products, Bio Treat contains no biocides such as Formaldehyde or Bronopol. There are no environmental issues with handling and disposal.

On disposal, Bio Treat will continue to safely break down organic material, reducing the loading on sewers, septic tanks and soak-aways.

- Biological
- Effective
- Safe to use
- Sewer discharge friendly
- Excellent concealment properties

### WHERE TO USE

Bio Treat is designed for use in portable toilets used in situations such as caravan and camp sites, music festivals, boats and construction sites.

### THE RANGE

Available in two different concentrations to suit your needs:

Product	Use	Dilution rates
<b>Bio Treat</b>	For small to medium commercial operations or domestic use	Supplied ready to use – no dilution required
<b>Bio Treat Concentrate X5</b>	For re-packers and Export customers	Dilute at 1:4 to create a ready to use dilution

### APPLICATION

- Add 500ml of Bio Treat to a standard 10 Litre capacity chemical toilet, or 50ml per litre of toilet capacity.

### NOTE

Do not use bleaches or biocides in toilets using Bio Treat. These products will kill the beneficial bacteria and stop the breakdown of waste products.

To complement the biological action of Bio Treat, we would recommend the use of **Bio TCD** biological toilet cleaner and **Bio Clean** biological surface cleaner.

### TECHNICAL DATA

Product	Bio Treat	Bio Treat Concentrate X5
Appearance	Blue liquid	Deep Blue liquid
Bacterial Count	~7.0 x 10 <sup>7</sup> cfu/ml	~3.5 x 10 <sup>8</sup> cfu/ml
SG	1.0	1.0
pH	7.5 – 9.5	7.5 – 9.5

### PACKAGING

Bio Treat: 12 x 1L bottles, 4 x 5L, 20L containers

Bio Treat Concentrate X5: 200L, 1000L containers

### SAFE HANDLING AND STORAGE

Store in original containers and avoid extremes of temperature.

For guidance on handling and disposal, see Material Safety Data Sheets.
