

# ALCOHOL FREE enduro SANITISING WIPES

- 🌐 Alcohol free
- 🌐 Water-based
- 🌐 Dermatologically tested
- 🌐 Long lasting protection

Quick drying, long lasting, alcohol free  
 Enduro Sanitising Wipes are designed for the  
 everyday cleaning of hands and hard surfaces.

Dermatologically tested and with no sticky residue,  
 Enduro Sanitising Wipes leave hands and surfaces clean and sanitised.

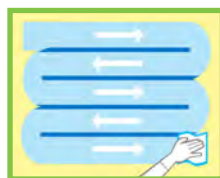

## Overview

- **Kills up to 99.9999% of bacteria**
  - starts working in seconds
- **Long lasting protection**
  - proven efficacy up to 2 hours after application
- **Dermatologically tested**
  - suitable for repeated everyday use
- **Alcohol free**
  - water-based formula with no odour or fragrance
- **Waterless**
  - no rinsing, no sticky residue and no streaks
- **Strong and soft**
  - kind to skin but tough on germs

## How to use

Wipe over surfaces, ensuring all areas are sufficiently wetted.

Wipe from clean to dirty, working towards you in straight 'S' shaped lines. Take care not to clean the same area twice.

When using on hands, wipe gently over front and back, not forgetting fingernails, skin creases and between fingers.

## When & where to use

Enduro Sanitising Wipes are designed for the everyday cleaning and sanitising of areas and items including:

Hands

Hospitals, clinics & care homes

Sinks & taps

At work

Nurseries

Door handles

Commuting

Bathrooms

Switches

## Test results

### Bacteria

| Pathogen  | Test    | Pass time. |
|---|---------|------------|
| <i>Escherichia coli</i>                                   | EN 1276 | 45 sec.    |
| Methicillin-resistant <i>Staphylococcus aureus</i> (MRSA) | EN 1276 | 45 sec.    |
| <i>Salmonella enteritidis</i>                             | EN 1276 | 1 min.     |
| <i>Salmonella typhimurium</i>                             | EN 1276 | 45 sec.    |
| <i>Staphylococcus aureus</i>                              | EN 1276 | 1 min.     |

### Fungi

|                          |         |         |
|--------------------------|---------|---------|
| <i>Aspergillus niger</i> | EN 1275 | 15 min. |
|                          | EN 1650 | 5 min.  |
| <i>Candida albicans</i>  | EN 1275 | 15 min. |

### Spores

|                              |          |         |
|------------------------------|----------|---------|
| <i>Clostridium difficile</i> | EN 13704 | 60 min. |
|------------------------------|----------|---------|

### Viruses

|                 |           |        |
|-----------------|-----------|--------|
| H1N1 Swine Flu† | EN 14476† | 1 min. |
|-----------------|-----------|--------|

### Other results

Dermatologically tested - passes 96 hour skin patch  
 2 hour residuality - tested against bacteria and spores  
 30 second kill rates - tested against bacteria
